Subject: Mt. Olive volunteer

Hello. I'm Katelyn Acquisto and I am a volunteer on Budd Lake First Aid. I am writing this email to let you know how much the rescue squad means to me as a volunteer. I started volunteering when I was only sixteen and took all the responsibilities that came with joining the squad and I am now twenty. I wanted to serve my community and give back to the people that really needed help. Another reason why I joined the squad was because I knew that at the age of sixteen I wanted a career in nursing. Being a certified EMT by the state, meant the world to me and I will be starting my nursing classes this fall. Basically, what I'm trying to say is that the Budd Lake First Aid is where I initially started and it's my roots. I have been around the squad, which is where I grew up most of my life because of my father Vincent being a member since before I was born. If you get rid of the volunteers it is basically like you are willing to take out the volunteers hearts and just throwing them on the ground to get stomped on. Thank you for you time.
