Subject: Community Energy Savings Program Training

Dear Municipal Clerk:

Come learn about the many opportunities for communities to be leaders by helping residents and businesses save money and energy. Find out how your municipality can earn points under the Sustainable Jersey program and earn cash rebates for encouraging residents to participate in State programs to green their community and reduce their greenhouse gas emissions!

The State's Clean Energy Program and Sustainable Jersey are running a conference on January 29, 2010: 9:00 a.m.-3:00 p.m. at the Bordentown EcoComplex, 1200 Florence Columbus Rd, in Bordentown (just off route 295), to guide municipal officials on their quest to help reduce energy usage. See the attached flyer for details.

Please share this with appropriate individuals in your municipality.
