Re: Route 206 & Main Street Traffic / Flanders-Netcong Road Traffic Signal

Dear Commissioner Dilts:

The governing body of Mount Olive Township has recently contacted the State Department of Transportation requesting a change in the traffic light phasing at the intersection to US Highway 206 and Main Street/Flanders-Netcong Road in Flanders.

Apparently, the vehicles at this intersection become backed up whenever a vehicle wishes to make a left hand turn. A request has been made by the Township to include an alternate green light to help alleviate the traffic congestion at this intersection.

We appreciate your kind consideration of Mount Olive's request for a solution to this traffic congestion as we are strongly supportive.

Sincerely,

Alison Littell McHose
Assemblywoman

Steven V. Oroho
Senator

Gary R. Chiusano
