**Mayors - Take the Pledge to Combat Obesity in your Town – Join the Mayors Wellness Campaign TODAY!**

I want to inform those of you who recently took the oath of office, and remind those of you who have been in office, about a program that can accomplish a lot of good for your community with little or no public funds.

The **Mayors Wellness Campaign** (MWC) supports mayors as champions of community health. By encouraging mayors to play a leadership role in supporting local opportunities for active, healthy lifestyles, the intent of the MWC is to reduce health care costs and foster active living and healthy lifestyles for all New Jersey citizens. Currently, more than half of the New Jersey's 566 municipalities are participating in the campaign and are working aggressively to increase the overall health of their communities.
