Thank you for your comments. Did you know that several Mt Olive EMS volunteers work for Atlantic Ambulance that serve Mt. Olive, hardly strangers. The final decision will be based on the safety of the community. Please come to the meeting on 1/19 when this issue will be discussed.

Mr. Mayor, Councilwoman, and Councilmen,

The volunteer ambulance squad is a very valuable part of this community. In my experience the volunteers are professional caring people. They have helped members of my family on many occasions. The squad members being residents of Mount Olive have an interest in the citizens of Mt Olive. They strive to be the best that they can be in helping the people of our town.

It would be a great detriment to our community to eliminate the volunteer squad and replace them with strangers.

Sincerely,

Peter and Margaret Terrafranca
