To Whom It May Concern:

We at Chili's Grill & Bar in Mount Olive are very interested in giving back to our community. Each year, we have numerous fundraisers that tend to be very successful such as our "Create-a-pepper" program for St. Jude's Children's Research Hospital. The organization of our fundraisers for this year is underway and we would like to extend an opportunity to a young boy and his family.

We would like to participate in a charity for an eight-year-old boy named Matthew. Matthew has Leukemia and a brain tumor. His parents are doing everything in their power to juggle the medical attention Matthew needs while helping him lead as normal life as possible. Unfortunately, Matthew's mother, Carena, had to leave her job in order to take better care of her oldest son. Sadly, the family went from being an average middle-class family to barely making it—bringing in only \$33,000 a year. Raising a family of four with two working parents is tough enough; imagine getting by with only one income and over \$800 in medical insurance a month on top of standard bills.

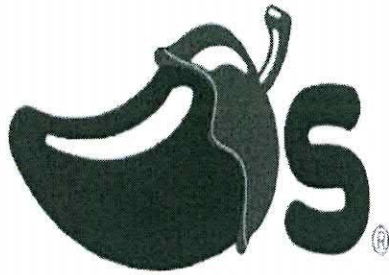

Obviously, Matthew's illness requires unimaginable amounts of care and caution. In fact, everything he touches must be completely sterile. With the desire to relieve some of the burden placed on this wonderful family, we are collecting donations in hopes of installing a brand new dishwasher in Matthew's home.

As many of our fundraisers are nation-wide, we here at Chili's Mount Olive think that giving back to our local community is just as important as donating to a national research hospital.

If you are interested in helping Matthew and his family, please contact us. Any and all donations are accepted and appreciated. We look forward to hearing from you.

All Checks made out to: Carena & Brian Bell
