Solid and Hazardous Waste Facility Permit

Under the provisions of N.J.S.A. 13:1E-1 et seq. known as the Solid Waste Management Act, this permit is hereby issued to:

VEOLIA ES TECHNICAL SOLUTIONS, LLC
1 Eden Lane
Flanders, NJ 07836

For the Purpose of Operating a: Solid and Hazardous Waste Storage and Transfer Facility
Lot & Block Nos: Lot 37, Block 4500
In the Municipality of: Mount Olive Township
County: Morris
Under Facility Permit No.: HWP090001
EPA ID No.: NJD 980 536 593

This permit is subject to compliance with all conditions specified herein and all regulations promulgated by the Department of Environmental Protection.

This permit shall not prejudice any claim the State may have to riparian land, nor does it allow the permittee to fill or alter or allow to be filled or altered in any way, lands that are deemed to be riparian, wetlands, stream encroachment areas or flood plains, or that are within the Coastal Area Facility Review Act (CAFRA) zone or are subject to the Pinelands Protection Act of 1979, nor shall it allow the discharge of pollutants to waters of this State without prior acquisition of the necessary grants, permits, or approvals from the Department of Environmental Protection or the U.S. Environmental Protection Agency.

September 17, 2009
Modification Date

November 22, 2011
Expiration Date

Scope of Permit

The conditions of this permit are based on the New Jersey hazardous waste regulations at N.J.A.C. 7:26G and on the permit application submitted by the permittee. N.J.A.C. 7:26G “incorporates by reference” (with limited exception) the Federal hazardous waste regulations found at Parts 124, 260-266, 268 and 270, Title 40 of the Code of Federal Regulations (C.F.R.). In order to eliminate confusion, and to clearly describe the precise obligations that are imposed upon the permittee, only the specific Federal regulatory citations are listed in the conditions of this permit. For the applicable State regulatory citations, refer to N.J.A.C. 7:26G.

This permit, along with the referenced permit application documents herein specified, shall constitute the sole Solid and Hazardous Waste Facility Permit for the operation of the facility. Any Permit previously issued by the Solid and Hazardous Waste Management Program or its predecessor agencies is hereby superseded. The permittee need not comply with the conditions of this permit to the extent and for the duration such non-compliance is authorized by an emergency permit (40 C.F.R. 270.61).

Description of Solid and Hazardous Waste Activities

Veolia ES Technical Solutions, LLC (permittee) is a commercial environmental services company specializing in the classification, packaging and transportation of solid and hazardous waste. The permittee services a variety of industries including research and development, pharmaceutical and biotechnical, general manufacturing, educational institution, hospitals and government agencies.

This permit authorizes the permittee to operate a solid and hazardous waste storage facility. The permittee may accept containerized solid and hazardous waste from off-site generators for storage prior to transfer to off-site treatment, storage and disposal facilities. The designated storage areas consist of the shipping/receiving area and thirty-nine (39) trailer parking spaces. The facility has an authorized total storage capacity of one hundred and eighty-seven thousand (187,000) gallons. There is no disposal of solid or hazardous waste at the facility. All wastes received at the facility are shipped off site in containers to authorized facilities.

The permittee is also authorized to perform the following activities in the designated areas of the facility:

- Pressure check compressed and liquefied gas cylinders to determine if empty.
- De-pressurize non-regulated inert and noble gas cylinders
- Consolidate small containers of chemically compatible liquids into USDOT approved drums prior to transportation off-site.

Class 1 Permit Modification Dated 09/17/09

Condition 124 - Permitted Waste Types of Subject Item: SWTG817107 – Solid Waste Storage/Treatment Areas was modified by removing the prohibition on the receipt of regulated medical waste at N.J.A.C. 7:26-3A.6(a).

Referenced Permit Application Documents

The permittee shall operate the facility, and construct or install associated appurtenances thereto, in accordance with the regulations contained in 40 C.F.R. Parts 260 through 270, the conditions of this permit, and the following permit application documents:

1. Veolia ES Technical Solutions, LLC Part B Permit Renewal Application dated September 30, 2003 signed by John P. Schantz, Branch Environmental, Health and Safety Manager.
2. Veolia ES Technical Solutions, LLC Part B Renewal Application dated December 29, 1992, signed by James T. Bell, Vice President.
3. The following drawings signed and sealed by a New Jersey registered professional engineer:
 - (i) Exhibit A dated September 20, 2003 – General Site Plan and Location of Solid and Hazardous waste units. Signed and sealed by Lauren J. Coman, P.E.
 - (ii) Drawing No. 030513, dated September 16, 2003 – General Site and Boundary Survey, Lot 37 Block 4500 Onyx Environmental Services, LLC, signed and sealed by J. Peters Borbas, P.E.
 - (iii) Exhibit C dated November 11, 1985 – Site Detail drawings, signed and sealed by William L. Dean, P.E.
4. Supplemental information dated January 20, 2006, signed by John P. Schantz, Branch Environmental, Health and Safety Manager.
5. Request for a name change dated June 15, 2006, signed by John P. Schantz, Environmental, Health and Safety Manager.
6. June 17, 2009 request for a Class 1 permit modification submitted by John P. Schantz Environmental, Health and Safety Manager.

In case of conflict, the applicable hazardous waste management regulations contained in 40 C.F.R. shall have precedence over the conditions of this permit, and the conditions of this permit shall have precedence over the Part B permit application documents.

One complete set of the permit application documents listed above, this Solid and Hazardous Waste Facility Permit, and all records, reports and plans as may be required pursuant to this permit shall be kept on-site and shall be available for inspection by authorized representatives of the Department upon presentation of credentials. The records, reports and plans required pursuant to this permit include the following:
