Governor Christie Delivers Budget Message

Today in Trenton, Governor Christie delivered his first Budget Address to a joint session of the Legislature. The Budget Committees of the Legislature will conduct public hearings, during the next few months. Changes can be made to the Governor's proposal and an Appropriations Bill passed by both Houses and sent to the Governor, by the end of June. The Governor can then sign the bill, as passed, or remove spending items, with the line-item veto. Final action will govern State spending for the Fiscal Year, which begins on July 1, 2010.

This League Letter includes links to the Budget in Brief and to the full text of the Governor's Budget Message. More details on certified aid numbers and budget cuts will be posted when made available
