Dear Ms Jessica Ryan:

On behalf of the U.S. Census Bureau, I want to thank you for your generous donation of testing/training space for the 2010 Decennial operation.

A successful census depends on the people who conduct it. Your donation of space enables us to test and train some of the thousands of census employees who will be responsible for counting every person in the United States.

By helping to ensure a complete and accurate Census count, your contribution will have a direct impact on your community. The Decennial Census, mandated by the U.S. Constitution, determines Congressional and legislative apportionment, affects decisions at every level of government, and helps determine distribution of over \$300 billion in federal funds to local communities each year.

It is very important for the Census Bureau to have supporters in the local community whom we know we can count on to assist with this important effort.

We look forward to working with you in the future.

Again, thank you for your support.

Sincerely,

Lester A. Farthing
Regional Director
