**Re: Notice of Return of Application for Administrative Deficiencies
Morris County Municipal Utilities Authority
PWSID No.: NJ1432001
Permit No.: WCP080001**

Dear Mr. Scarmozza:

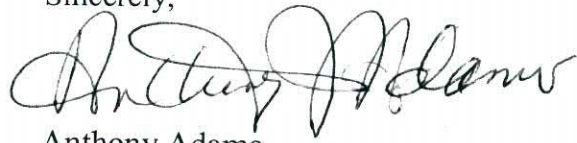

Your application dated March 28th, 2008 for a Permit to Construct, Modify & Operate Public Water Works relative to installation of two new 2000 GPM Booster Pump at Flanders Valley Wells Nos. 1 & 2 and a new 300 HP motor at Well No. 2., located in Roxbury / Mount Olive Townships, Morris County, New Jersey has been reviewed for **ADMINISTRATIVE COMPLETENESS** and found to be **INCOMPLETE.**

One or more of the required **MAJOR ADMINISTRATIVE COMPONENTS** necessary for further review was omitted from your application. Therefore, your application with all submitted materials is being returned to you for revision. Please provide the administrative item(s) listed below with your reapplication so that it may be assigned for technical review.

1. The Engineers Report must be signed & sealed by an N.J.P.E.
2. The Engineering Specifications must be signed & sealed by an N.J.P.E.
3. The Engineering Plans must be signed & sealed by an N.J.P.E.
4. A current Digital GIS distribution system map has not been submitted as required by NJAC 7:10-11.5(c)6. If the public water system does not have a current Digital GIS distribution map identifying existing and proposed sources & facilities and the water service area as required by N.J.A.C. 7:10-11.5(c)6, effective December 4, 2004, they may request, in writing, a six month extension of this submission requirement which will allow this permit review to continue, however such a request will result in the addition of a condition to this permit requiring submission of the GIS mapping within six months of receipt of the above request. Please note that if the mapping is not submitted by the permit condition's due date it will be a violation under the Safe Drinking Water Act and also likely to result in the return of future permit applications
5. A copy of the USGS quarter quad location map has not been included.

In order for the Department to continue processing your application the above noted revised administrative information must be submitted with the material I have returned to my attention. Upon receipt of the application it will be assigned for technical review. Please note that during technical review, the assigned reviewer may request additional information or request a design revision. Should you have any questions, please contact me at (609) 984-6831 or by e-mail at **Anthony.Adamo@dep.state.nj.us**.

Sincerely,

Anthony Adamo
