Dear Mr. Wilpert:

Thank you for sending in your application requesting the New Jersey Department of Agriculture conduct a gypsy moth egg mass survey in your municipality.

An inspector has been assigned to conduct the ground survey and will be visiting your office prior to starting the inspection (mid- August through January) for town maps and possible locations where gypsy moth complaints have been received.

Thanks again for your continued interest in participating in this valuable tree protection program.

Sincerely,

Joseph W. Zoltowski
Chief, Bureau of Plant
Pest & Disease Control
