Re: Tri State Transportation Campaign and One Region Funders' Group - NEW Community Assistance TOD Grant Program

Dear Membership:

RE: Tri State Transportation Campaign and One Region Funders' Group - NEW Community Assistance TOD Grant Program

The Tri-State Transportation Campaign, One Region Funders' Group (including Fairfield County Community Foundation, Long Island Community Foundation, New York Community Trust, Rauch Foundation, Surdna Foundation, Emily Hall Tremain Foundation, and Westchester Community Foundation) and The Fund for New Jersey have announced a new community assistance grant program to encourage transit oriented development across the region.

The program offers financial support to municipalities ready to address the linkages between affordable housing, energy efficiency and development near transit stations. Up to ten small grants will be awarded across downstate New York and Connecticut. Two to five grants will be awarded in New Jersey. The grants are available to municipalities for visioning sessions, technical expertise, or other efforts that promote equitable, walkable development near transit.

To complement the grant program, the Tri-State Transportation Campaign also announced an online transit-oriented development "clearinghouse" with resources and tools to help guide transit oriented development projects.

For more information about the program and to view the clearinghouse, please visit our website at www.leave-6328523-235018168.a5b3b1841a13d0fd7831dbdfc64a0b1b@lists.n-email2.net.org.

Letters of interest for the grants are due October 25, 2008.
