Subject: Lou Nelson Park

Hi Tim,

I am writing to express my gratitude to you and the Council for supporting Lou Nelson Park by installing the fence. As you know, you and I have been discussing issues related to Lou Nelson Park for more than a year. After the recent Town Council meeting, I was pleased to see the movement toward improving the park by installing the fencing. It looks great, and no doubt has saved the grounds from being torn up further after the most recent snowfall (as that usually attracts people to drive on the basketball court and/or grassy areas to make doughnuts).

Thanks again - I appreciate your attention to the smaller parks in our community!

Best,

Rene Gadelha

PS - I have been unable to attend any recent Council meetings due to conflicts in my schedule, but Colleen, would you please pass my sentiments along to your peers there as well? Thank you!
