Dear Mr. Miller:

The Department’s Bureau of Coastal and Land Use Compliance and Enforcement (“Bureau”) is in receipt of a conservation restriction (“restriction”) for the freshwater wetlands and modified freshwater wetland transition areas for the above captioned site. The restriction was recorded in the office of the Morris County Clerk on August 22, 2007. Therefore, you have satisfied condition 21e of Transition Area Waiver – Averaging Plan #1427-99-0003.1 and condition 2 of the Extension of a Transition Area Waiver – Averaging Plan # 1427-03-0012.1 FWWW060001.

Please be advised that based upon the above, this enforcement action is hereby resolved. Be informed that the Bureau will continue to conduct routine site inspections to ensure compliance with the disturbance limits, conditions, and stipulations set forth in the above referenced permit authorizations. Should a regulated activity occur at the site which has not been approved under said permit authorizations, the Bureau will initiate a subsequent enforcement action that would include affixing the property deed, the assessment of significant daily penalties up to \$25,000 per day, and remediation of any unauthorized disturbances

Should you have further questions regarding this matter, please contact David Sumba of my staff at the address or telephone number atop this correspondence.

Sincerely,

Michael Nystrom, Regional Supervisor
Bureau of Coastal and Land Use Compliance and Enforcement
