**Attachments:** Soaked Again.pdf

To Whom It May Concern:

Well I was asked to pass it on, so who better than people who have been voted into places of public trust.

I know you're busy, we all are. Thank you for your time.

Could you find the time to address the issues is at hand? They are of a simple nature that that bring joy to families and strengthen communities.

What towns does our town idolize, who does it want to become?

If I can help in any way, please count me in. All the best!

V Baboomian

Mt Olive Resident

Subject: Please pass on to All Mount Olive Residents!!! TAKE SOME ACTION TODAY!!!!

Mount Olive Township Residents,

Mount Olive residents are fed up with **flooding conditions on our fields**. When is a superior in charge of the Mount Olive Township recreation department going to take his job seriously? It's time for him to earn his pay and have a directive for fixing the problems. We need ACTION not just cancellation memos that the Turkey Brook fields are FLOODED ONCE AGAIN. Action on getting our fields dressed, drain piping installed and flooding prevention tackled. Start with the simple first so we can prevent flooding issues every time it rains. For example Dan Jordan has a storm sewer between field 1 and 2 that has been clogged for years. That storm grate is there for a reason.

We have trucks, equipment, personnel and the TAX PAYERS FUNDS at hand and still fields are closed. I have seen this town work for 14 years and I see incompetence, laziness and lack of leadership every year; year after year. If this is not the case, then show the residents a different result.

Our leadership shows no direction and no discretion on spending money properly. I have personally walked Freedom Park in Randolph and Palmer Park in Long Valley after heavy rain in May of 08; those fields were ready for play. We can not afford more waste, more good money after bad. Mount Olive residents are fed up, the time has come for real change. If we need to hire an outside landscaping firm to get this work completed timely, efficiently and most important successfully than let's prepare a bid sheet and get this done right the first time. We desire better our children desire better.

Charles Onorevole
